

Joey Barone
coach/camp director

Joey is considered the best goal scorer ever to play in the West Michigan area. He scored 77 goals as a college player and over 50 as a professional. He is also one of the best youth trainers in the area as he has trained and coached several ODP, All-State, and Division 1 college players. His ability to teach the skills of the game is unmatched.

For over a decade, Joey Barone and his Barone Goal Scoring Camps have helped hundreds of players from over 40 area clubs and high schools improve their offensive skills and shooting proficiency. Many of the players have gone on to play collegiate soccer.

Joey's dedication, passion, and his ingrained ability to coach the finer points of creative attacking soccer and goal scoring are unparalleled.

PHILOSOPHY

Scoring goals is the final element to a game with many elements. A player that can take precious chances and put the ball in the net can make a difference in a game. No matter what has happened during a game it all comes down to who scores the most. The game's most valuable commodity is a GOAL SCORER!

"Joey was a constant scoring threat. In his sons, Mark and Domenic, I see many of his characteristics. They are focused and driven to create scoring opportunities and their skill levels are outstanding. He has obviously done an outstanding job passing on his strengths to them".
— Coach Joe Baum, Legendary Head Coach, Michigan State University 2008 NCAA Coach of the Year

"Joey helped me take my game to a whole new level, as a goal scorer and as a complete player. Joey was an incredible goal scorer throughout his playing career, and his knowledge of the game is as good as you'll find".
—Jake Stacy, U of M, Former Mr. Soccer and All-Big Ten Player

CAMP OVERVIEW

We focus on TECHNICAL preparation by concentrating on finishing of all types and with BOTH feet. Power & placement shots, headers, volleys, one-touch finishing, finishing with back to goal (difficult and a rare commodity in youth soccer), break-aways, and "goal-poaching". Then, we apply the technical preparation to a TACTICAL situation by creating a functional training environment that RECREATES the pressure of the game. Placing the player in small groups (3v.3; 4v.2) forces the player to get involved and take responsibility in finishing. We do not let players hide and just watch the game. We encourage shooting at every opportunity as we will give you the opportunity to score hundreds of goals. Every player gains a new sense of confidence as they learn what it takes to become soccer's most precious commodity - a GOAL SCORER!

"Having played with Joey Barone, coached his sons and witnessed many of Joey's training sessions, he is the best trainer of shooting/finishing in the West Michigan Area. There is no question that any player that trains with Joey, over a period of time, will be well-suited to shoot, score goals, and compete at a very high level".
— John Conlon
Head Coach,
East Kentwood High School
2007 NSCAA High School National Coach of the Year

"Coach Barone made an impact on my shooting with good tactical and technical advice. He can pick up on your strengths and weaknesses to help you improve on the accuracy and power of your shot".
— Tori Keller,
FHC Junior
Committed Indiana University

"In my opinion Joey Barone is the best pure goal scorer to come out of West Michigan. His understanding of the angles, body position, anticipation, and outright cunning make him deadly around the box. There would be no better skills and goal scoring coach for your child".
— Chris Keenan,
Kalamazoo Kingdom Soccer Club Director
Joey's former PDL (pro) coach
